

BELLEVILLE ARTISTS' OPEN STUDIOS

36th edition

Thursday, May 15th

Friday, May 16th

Saturday, May 17th

Sunday, May 18th, 2025

From 2:00 pm to 8:00 pm

For four exceptional afternoons, Belleville artists invite you behind the scenes of art!

Belleville, a village-like neighborhood full of life, work, and festivities: the intensity of its nightlife contrasts with the calm of its villas, courtyards, and passageways. Street art flourishes, cultures intertwine, and artists form a large community here. This community, usually "hidden" in the many studios on the hill, reveals itself every May: for four days, artists open their doors... a precious moment during which diverse and multifaceted creation, open and accessible, is offered to all!

- > **More than 150 participating** artists and collectives
- > **A hundred studios open** throughout the Belleville neighborhood
- > **A panorama of styles and disciplines to discover:** painting, drawing, photography, engraving, sculpture, installation, ceramics, collage...
- > **35,000 visitors** expected

On the program: meet the artists, immerse yourself in their worlds, art shopping at studio prices, discoveries, events. **An event not to be missed!**
