A Journey to the Heart of Creation

Belleville, a neighborhood-village of life, work, and celebration, is preparing to vibrate to the rhythm of artistic creation. Here, urban art flourishes, cultures intertwine, and artists form a close-knit community. Usually nestled in the quiet villas and passages of the hillside, these creators open their doors every year in May to offer an exceptional moment of sharing.

A Fully Immersive and Accessible Experience

The program features privileged encounters, immersion into creative universes, and "art shopping" at studio prices ; an opportunity to acquire original works directly and support local creation. Whether you are a seasoned collector, an art lover, or simply curious, the Belleville Artists' Open Studios offer a human and artistic experience open to all !
